Virginia’s Protection and Advocacy System Serving Persons with Disabilities

What is dLCV?

The disAbility Law Center of Virginia or dLCV is the designated Protection and Advocacy organization of Virginia.

Using funding received from federal grants, we help clients with disability-related problems like abuse, neglect, and discrimination.

Each year, we carefully select goals for the work we will do. Individuals with issues within these areas may receive advocacy services or legal representation.

TACKLING ABUSE AND NEGLECT

- dLCV responds to allegations and monitors conditions to address abuse and neglect
- dLCV receives hundreds of incident reports from state facilities each year
- dLCV reviews and investigates reports from Adult Protective Services and Psychiatric Residential Treatment Facilities
- We appealed to the United States Supreme Court to maintain our authority to protect the safety of people with disabilities in state institutions.

STOPPING DISCRIMINATION IN EDUCATION AND EMPLOYMENT

dLCV has advocated and litigated on behalf of hundreds of children and adults who were denied appropriate accommodations and services, including assistive technology, in the classroom and workplace.

Because discrimination, abuse, and neglect can happen anywhere, dLCV has ongoing projects to stop discrimination in schools and the workplace, and the community in general.

- Sued the state to ensure equal voting rights for people with disabilities
- Surveyed and demanded access to hundreds of private businesses denying access to people with disabilities
